Agenda 4 : To Review of Department BOS Meeting Minutes & approve the suggestions made by the members

Abstracts from the Department BoS Meeting Minutes:

4.1. Artificial Intelligence and Data Science:

- A special focus was given to industry-integrated courses proposed in collaboration with L&T EduTech and GUVI, aimed at enhancing students' practical skills, employability, and industry readiness.
- The Board recommended the introduction of Ethics in Artificial Intelligence as a mandatory course to ensure responsible and ethical AI practices among AI&DS graduates.
- The inclusion of emerging and advanced courses such as Predictive Analytics, Prompt Engineering, Generative Artificial Intelligence, and Quantum Computing was suggested for the upcoming Regulation 2026 curriculum.
- The Board emphasized strengthening core foundations by including Digital Principles and Computer Organization, Internet of Things, and Image Processing as compulsory subjects for AI&DS students.
- It was recommended to introduce Design Thinking and Problem Solving as a course from the first semester onwards to improve students' problem identification, analytical thinking, and solution design skills.

Resolution: The Academic Council reviewed and approved the BoS Meeting Minutes of AI&DS and recommended the inclusion of Ethics in AI to promote the responsible and ethical use of Artificial Intelligence tools and suggested the introduction of an Intellectual Property Rights (IPR) course into the curriculum.

4.2. Automobile Engineering:

The members :

- appreciated the efforts taken in offering the Industry-Integrated Course.
- suggested to include additional topics such as Kaizen, Geometrical Dimensions and Tolerances (GD&T), and Control Charts under Quality Control, if feasible.
- recommended the inclusion of relevant case studies to enhance practical understanding.
- suggested that specific methods and concepts need to be elaborated under appropriate subtitles for better clarity.
- expressed that the Industry – Integrated courses are expected to benefit a maximum number of students, considering its effective delivery and industry relevance.
- since the course is coupled with multiple subjects, the need for focused content and specific concentration areas was emphasized.

Resolution: The Academic Council reviewed and approved the BoS Meeting Minutes of Automobile Engineering.

4.3. Bio-Medical Engineering

The BOS Members suggested the following in :

- Human Assist Devices - Hearing - Cochlear Implant should be included
- Embedded Systems and Industrial IoT - Course Title Embedded System and IoMT was changed to Embedded System and Industrial IoT
- Medical Imaging Equipments - Order of the units has to be interchanged.
- Medical Innovation and Entrepreneurship - Clinical Trials on Human and animals may be included along with Quality policy and assurance.
- Human Assist Devices - In Unit - V, some overlapping content may be excluded and topics like EMG based gait analysis and spinal braces may be included
- Diagnostic and Therapeutic Lab - Reduce the number of experiments limited to maximum of 12 experiments.

Resolution: The Academic Council reviewed and approved the BoS Meeting Minutes of BME and suggested to have Internet of Medical Things as elective course, Medical Device Regulation & Standards as separate course in elective and Embedded Machine Learning as elective course.

4.4. Civil Engineering:

The BoS Members suggested :

- Not to use commercial software package names in the official documents.
- Include AI/ML and BIM courses for Civil Engineering in Regulation-2026.
- Include Project management course as essential course in Regulation-2026.
- A special focus was given to the upcoming Industry-integrated Courses introduced in collaboration with Larsen & Toubro (L&T) and HCL GUVI.

Resolution : The Academic Council approved the BoS Meeting Minutes of Civil Engineering.

4.5. Computer Science & Engineering:

The BoS Members :

- Proposed integration of industry-standard AI tools into the curriculum to strengthen hands-on development of intelligent systems.
- Recommended inclusion of a cloud-based course to align academic learning with current industry practices.
- Suggested introduction of Quantum Computing to expose students to emerging technologies relevant to future research and industry demands.
- Recommended adding more Industry-Integrated Courses to enhance student employability.

Resolution : The Academic Council Members approved the BOS Meeting Minutes of CSE and recommended the inclusion of Ethics in AI to promote the responsible and ethical use of Artificial Intelligence tools and suggested the introduction of an Intellectual Property Rights (IPR) course into the curriculum.

4.6. Electronics & Communication Engineering

- ❖ Suggestions were given to implement 30 hours for practical sessions
- ❖ All problematic subjects should have tutorial hour
- ❖ Industrial oriented courses and skill development courses should come under EEC category.
- ❖ Basic Electrical and Electronics Engineering subject should be included in curriculum.
- ❖ Suggestions were given by members to increase the total course credits of professional core courses.
- ❖ The count of laboratories should be evenly distributed across all semesters.

Resolution : The Academic Council members modified and approved the BOS Meeting Minutes of Electronics & Communication Engineering

4.7. Electrical & Electronics Engineering:

The BOS Members suggested :

- ❖ To include the “Fundamentals of Electrical Engineering” for Semester-I and “Electron Devices and Circuits” and “Electric Circuit Analysis” for Higher Semester.
- ❖ To change the Credit value of “Electric Circuit Analysis” from 3 to 4 credits.
- ❖ To include Value Added Courses as Non-Credit Courses in the Mark sheet without credits and also to mention that it is not considered for CGPA calculation.

Resolution: The Academic Council approved the BoS Meeting Minutes of EEE.

4.8. Information Technology:

The Members suggested:

- ❖ Ad-on Certification Credit Courses in Curriculum.
- ❖ More Weightage to be assigned for Network and Communication courses
- ❖ Faculty Mentorship for Students Research & Project works and enhancement of practical and project-based learning.
- ❖ Inclusion of emerging technologies such as Artificial Intelligence, Data Science, Cloud Computing, and Cyber Security
- ❖ Integration of industry tools and platforms

Resolution : The Academic Council Members approved the BOS Meeting Minutes of the Department of Information Technology and recommended the inclusion of Ethics in AI to promote the responsible and ethical use of Artificial Intelligence tools and suggested the introduction of an Intellectual Property Rights (IPR) course into the curriculum.

4.9. Mechanical Engineering :

- ❖ Approval for the Industry-Integrated Courses (L&T EduTech), with one prescribed course to be offered in the First Year, Fourth Semester, and Sixth Semester under Regulation R-2022.
- ❖ Approval is sought for the Curriculum R-2026(Batch 2026-2030), incorporating an Industry-Integrated recommended Courses in collaboration with GUVI-HCL.
- ❖ Suggestions for Innovative Teaching Methodology and Evaluation.
- ❖ Suggestions for effective implementation of the program and Possible opportunities for students skill development.

Resolution: The Academic Council approved the BoS Meeting Minutes of Mechanical Engineering and recommended the following:

1. To include AI-based courses in the Mechanical Engineering program to align the curriculum with emerging technologies.
2. To engage industry experts, including Inspectors of Safety and professionals from BHEL and similar organizations, to strengthen industry exposure and practical insights for the PG M.E. Industry Safety Engineering program.
3. To establish collaborations with a minimum of six industries to enhance practical exposure, internships, and industry-oriented learning for the PG M.E. Industry Safety Engineering program.

4.10. Science & Humanities

For Department of Science & Humanities:

- ❖ Approved the curriculum of R-2026 for B.E./ B.Tech Degree courses
- ❖ Approval for the Industry-Integrated Courses (L&T EduTech), with Two prescribed courses to be offered in the First Year under Regulation R2022.
- ❖ Approval is sought for the Curriculum (Batch 2026–2030), incorporating an Industry-Integrated recommended Courses in collaboration with GUVI-HCL

Resolution: The Academic Council approved the BoS Meeting Minutes of Science & Humanities.

Agenda : 5 : To Review the Result Passing Board Meeting Minutes and Academic Results

5.1. Abstracts of Result Passing Board Meeting

- ❖ Dr.J.Basker Babujee, Professor, Department of Mathematics, MIT, Anna University, Chennai was the Anna University Nominee for the meeting
- ❖ Result Passing Board Meeting (April/ May -2025) for UG 2nd, 4th 6th & 8th and PG 2nd & 4th Semesters was held on 18.07.2025.
- ❖ The Board approved the Examination results and also gave approval for result publication and the Results of the End Semester April/ May -2025 were published on 18.07.2025
- ❖ No moderation were proposed by the institution, the same was accepted.
